Lobbying in Canada/Lobbyisme au Canada

Pierre Meunier, André Turmel, Guy Giorno and Peter Hyndman

Lobbying legislation significantly changes the way businesses and non-government organizations deal with federal, provincial and municipal (in the case of Quebec) government officials. This book provides a repository of lobbying laws in Canada with useful commentary and guidance on the practical aspects of their application. An individual's or an organization's obligations with respect to lobbying activities occurring in Canada must be considered in terms of not only the federal legislation but also the applicable provincial legislation, if the particular province has adopted such legislation.

In this regard, features include the following:

- The federal, Quebec, Nova Scotia, British Columbia and Ontario lobbyist acts, their respective regulatory instruments and other relevant documents
- An executive summary of each Act and its regulatory instruments provide concise analysis of how the various laws work, to whom they apply, their requirements and the legal consequences of contravention
- With respect to jurisdictions which have enacted their legislation in French and in English, the relevant material and executive summaries in both languages is included
- An Index in English and French

A must-have reference for current and future lobbyists, senior officers of corporations and organizations, government relations consultants, lawyers, accountants, engineers and architects.
